WALKY PARK COMPETITORS

All competitors competing in the 2025 Rallysprint and Khanacross/Autotest Series at Walky Park will need to have a decent towing point at the rear and front of their car as Tamara and I found in some cases it has been hard to find tow points. If possible a tow strap on the front would be much appreciated.

Thanking you in advance.

HISTORICS - PETER MCARTHUR COLLECTION

A big thank you to Antonio Marzari who has sent in some exciting historical photos that were taken by Peter McArthur our founding member and President. After he passed away, Peter's family gave the slides to Antonio Marzari who did the bodywork and paint on Peter McArthur's Repco Around Australia Trial, car number 55. The club has had the slides digitised for our members to enjoy. There is quite a collection, so we will be presenting them in our next few issues. We are going to call it the Peter McArthur Collection.

RALLY SKILLS PROGRAM - 2025

Goals of Rally Skills Program

The Rally Skills Program's goals are to provide a safe space for young people and adults to learn and develop skills driving on gravel, with an emphasis on providing a gateway into Motorsport.

By developing a driver education program, we aim to educate drivers on the skills required to drive on gravel, as well as learn general driving skills. We will provide students an outlet to learn in a safe environment, being taught by experienced instructors in a family-friendly environment.

Students will use a supplied vehicle during the Program, to get experience and decide if they would like to pursue the sport, before having to outlay equipment and a vehicle, which can be a barrier to people participating.

The program aims to provide on ongoing support to assist students of the program to continue to develop skills and further their careers. We hope to start a buddy system where a participant can continue to be mentored by another club member to help them increase their skills and continue into the next level of Motorsport.

The program consists of 3 full day sessions/lessons with final event day when students get the opportunity to compete in a Walkerville All Cars Club Khanacross. The program will run once per year. A maximum of 12 students, split into two groups of 6.

RALLY SKILLS PROGRAM - 2025

Goals of Rally Skills Program

Day 1 of the program

Please arrive by 9:00am as we will need to complete some paperwork, and everyone needs to sign on to be covered by insurance. There will be a drivers' briefing at 9:30. This is compulsory for both students and trainers/officials. Safety is paramount and the first sessions will cover car and personal safety, allocate students to their groups, how to put on a helmet, correct seating position and scrutineering of the RSP cars. After lunch, we will start working on cornering, weight transfer and stop/start, both theory and in car. Cars will be provided by RSP.

Day 2 of the program

Activities will include cornering/gear changes, left foot braking, rally rules, Co-driver duties, pace notes, tyre technology and how to change a tyre safely.

Day 3 of the program

Activities will include reinforcing day 1 & 2 skills, dummy Khana X track, Event entry via Motorsport Australia (MA) portal, cost of building a Khana X car, loading and towing a car trailer safely, Fire safety including extinguishing a fire.

Day 4 of the program

You will participate in a timed Khana X competition. Using your knowledge from day 3, you will be responsible to enter the event via the MA portal (we will assist if you have any problems). If you have your own car, you may use it for day 4 provided it passes scrutineering on the day, other wise a RSP car will be allocated to you.

RALLY SKILLS PROGRAM

EXPRESSION OF INTEREST INSTRUCTORS

We would like another couple of club members to get themselves accredited as coaches for the program. We have been running a bit lean on numbers and if we have a few people unavailable due to travel commitments or sickness we are very tight to run the day. You will need to get a Working with Children Check before registering with MA as a coach, which takes an hour or so. It is also a good way to hone your own skills.

Please contact Peter Tann on 0417867403 (or any of the RSP team) if you are interested, or would like to find out more.

Depending on the budget (which is yet to be set) we are keen to start to install bolt-in half cages in the RSP cars as a priority.

If anyone is able to assist us in the process please contact Pete.

We have harnesses for all the cars which still need to be fitted.

We have a couple of seats that have been donated and need fitting.

If anyone is upgrading their seats we are interested in donations or purchase at a reasonable price. As always, contact Pete.
